

The Port of
LONG BEACH
The Green Port

April 20, 2010

Operations Group
Sigma Tankers, Inc.
20 Glover Avenue
Norwalk, CT 06850-1219

Dear Green Flag Recipient:

Congratulations on your fleet's excellent 2009 compliance with the Voluntary Vessel Speed Reduction Program. The Port of Long Beach is pleased to present the Green Flag Environmental Achievement Award to Sigma Tankers, Inc. Operators that called the Port of Long Beach and remained 90% compliant with the Voluntary Vessel Speed Reduction Program in 2009 are entitled to a Port of Long Beach 2009 Green Environmental Achievement Flag.

Due to our ongoing efforts to remain sustainable, the Port is awarding one flag per operator this year, rather than one flag per vessel. If you would like Green Flags for any of your compliant vessels, please contact greenflag@polb.com. We would be happy to provide you with them.

In addition to a Green Flag, your fleet has qualified for the following dockage incentive:

- | | | |
|-------------------------------------|------|---|
| <input checked="" type="checkbox"/> | 20nm | 15% reduction off dockage payable to the Port of Long Beach |
| <input type="checkbox"/> | 40nm | 25% reduction off dockage payable to the Port of Long Beach |

This incentive will be applied on all calls to the Port of Long Beach in 2010.

Congratulations again on your fleet's performance in 2009. Thank you for your commitment to reducing air pollution in Southern California and your continued support for the Port of Long Beach Green Flag Incentive Program.

Sincerely,

Donald B. Snyder
Director of Trade Relations
